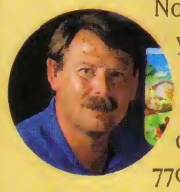
WORLD'S BEST
ENTERTAINMENT SOFTWARE

# Totally New! Totally Virtual!

***Welcome to our all-new Buyer's Guide:***

As an avid home PC user you are among the first to benefit from a powerful new partnership between Sierra On-Line and Davidson & Associates. We've teamed up under the banner of CUC Software to bring you direct access to the World's Best games, family entertainment, educational and home-productivity software.



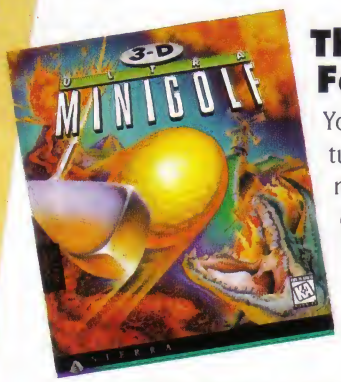
Now, all you have to do to get your hands on any of the award-winning products in this Buyer's Guide is call toll-free 1-800-757-7707 for fast, friendly service from CUC Software's Direct Order Center. And every product is backed by our Famous No-Risk Guarantee: If you're not completely satisfied — for any reason — just return the complete product within 30 days and we'll give you a full, friendly refund.

So check out the World's Best and call 1-800-757-7707 to order today.

Ken Williams,
CUC Software,
Founder Sierra On-Line

The only virtual mini-golf that you can play head-to-head.

Play 18 holes with surreal challenges you won't find in any theme park.



## This Isn't Your Father's Putt-Putt

Your courage wavers and your muscles twitch. The virtual astroturf underfoot is your first clue that this putt might not be as easy as it looks. Then you see the object of your fears: The Gravity Trap. Or maybe it's the red-hot lava flow. Oh, and that little gap in the space-time continuum that could catapult your ball through time and ultimately end life as we know it? It'll cost you a one-stroke penalty.

You have a right to feel a little shaky. After all, this is ***3-D Ultra Mini Golf***, not some walk-in-the-theme-park mini-golf. It's 18 holes of out-of-control, totally fun excitement. Where the wacky world of miniature golf comes alive at a whole new level. It's worlds beyond windmills and waterfalls. Make no mistake, ***3-D Ultra Mini-Golf*** has all the classic features you expect from top-notch miniature golf. We've just added a bunch of extra touches that take the hazards to a whole new dimension. Like explosions, dinosaurs, cannons, and head-to-head play.

**3-D Ultra Mini Golf**

#83609 Win CD **$44.95**

KIDS TO ADULTS • AGES 6+

Win CD requires 486-66 or better, Windows 3.1 or newer, 8 MB RAM, Windows-compatible sound card, 2X CD-ROM.

## IT'S EASY TO ORDER!

**BY PHONE:** Call toll-free 1-800-757-7707. Our friendly Sales Associates are ready to help you! For the fastest service, please have your credit card information and the Special Offer Code on the back cover (above your name and address) handy when you call.

**BY MAIL:** Complete the Order Form in the center of this Buyer's Guide and mail it in the postage-paid envelope we've provided. Be sure to confirm your mailing address and include your check or credit card information with your order.

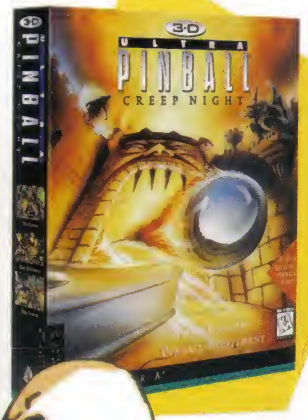
**ON THE WEB:** Point your web browser to http://www.sierra.com or http://www.davd.com to take advantage of our secure on-line store.

**PAYMENT:** We accept VISA, MasterCard, American Express and Discover Card, and we won't charge your card until we have shipped your order. We'll also gladly accept your personal check and money orders made out to CUC Software. Purchase orders must be accompanied by check or credit card. Sorry, no COD orders will be accepted.

**SHIPPING:** In-stock items are shipped via 2-Day Air Express or UPS Ground (see order form for details). Back-orders are shipped "best way".

**CUSTOMER SERVICE:** If you have a question about your order or need information about a product, call Customer Service at 1-800-757-7707.

# FULL TILT THRILLS IN A GHOULISH PINBALL WORLD!



The vortex to the underworld has opened and now chaos reigns as ghosts, gremlins, gargoyles, zombies and skeletons wreak havoc in a haunted castle. Only your furious flipper-action and lightening-quick bank shots can vanquish the ghouls back where they belong as you warp between three tables - the Castle Courtyard, Mad Scientist's Lab and Dungeon Catacombs.

The exclusive ***3-D Ultra Pinball*** physics-based game engine provides a true arcade feel. CD quality sound with haunting original music, creepy voices and sound effects straight from the graveyard keep your heart beating just a little faster. Multimedia help, hints and trick-shot tips will keep you in the action and ready for any hidden surprises. Play up to three balls simultaneously for rapid fire action in this arcade thriller, but don't get carried away and 'tilt' the table! If you're good enough to uncover the bonus table, you'll face the Goblin King in a ghoulish grand finale where your speedy reflexes will seal the vortex and send the nasty creatures packing...until next time.

**WITH 3 CREEPY NEW TABLES!**

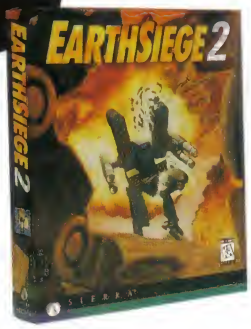
ONLY $29.95

Battle deadly Cybrids on more than 50 rivet-wrenching missions.

Customize nine new HERCs–including The Razor, an awesome new air fighter.



# IT'S BLOOD & BONE AGAINST SILICON & STEEL

## EarthSiege™ 2

With more than 50 rivet-wrenching missions, ***EarthSiege 2*** puts the future of humankind squarely on the shoulders of you and your fighting HERCs. Fortunately, the engineers have outfitted you with new weapons and new HERCs — including the RAZOR, an awesome new air fighter — to meet the challenge. Every HERC is fully customizable with eight classes of weaponry, including Plasma Cannons (AKA "The Cybrid Eraser") and an improved Electron Flux Weapon.

***EarthSiege 2*** uses amazing 3-D terrain effects to create rocky hills, jagged canyons and ragged craters. Remarkable graphics and sound effects add incredible realism. Blow a leg off a Cybrid in ***EarthSiege 2*** and he doesn't just stand there; he staggers and crashes to the ground with an earth-shattering explosion. You say you've never heard a HERC's engine grind as it labors over a rugged hillside? Well, it's a noise you don't want to hear when you have a lethal Cybrid on your tail.

# CyberGladiators™

## Warriors Reborn As Hardware From Hell

Brought to life by a freak cosmic storm, ***CyberGladiators*** are borne from a nuclear stew of radiation, scrap metal and the life forces of fallen warriors and deadly assassins. Part machine, part living tissue, and pure battle-hardened toughness, these are the warriors that will finish the war that began a half-century ago. Eight fighters plus two Bonus Bosses will meet in ten battle arenas.

For ***CyberGladiators***, it's hate at first sight. No holds are barred in a death match that can only end in victory or annihilation.

Bringing plenty of super-fast, change-on-the-fly twitch moves and stunning real-time 3-D graphics to the PC platform, ***CyberGladiators*** will keep you on edge as you brawl your way through every battle. It's vicious fighting that combines brute power and explosive weapons with the grace and control of ancient martial arts.

Nothing less than a master's combination of skill, speed and power will keep you alive.

Face off against eight fighters and two Bonus Bosses in ten different battle arenas.

Engage in war against computer opponents or battle head-to-head with a friend.

A BIZZARE NEW ADVENTURE

# SHIVERS™

## HARVEST OF SOULS

From the people who brought you SHIVERS

Crack open a serpentine plot of death, murder and ancient folklore.

Surreal 3-D graphics feature full 360 degree panoramic views.

Play again and again to discover all three interactive endings.

## Shivers™ II: Harvest of Souls

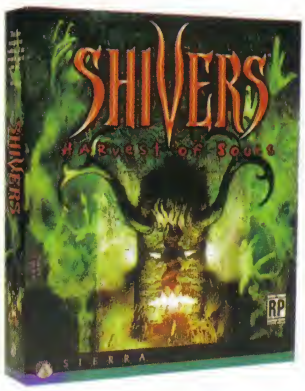
INDUSTRIAL STRENGTH TERROR

Welcome to Cyclone, a bizarre little town on the edge of madness in a remote corner of Arizona. It's not quite a ghost town but most of the more despicable characters have disappeared. Unfortunately, so have your friends. They spent the summer in Cyclone making rock videos for their band. But now they have vanished without a trace.

Now a mysterious masked character who calls himself Darkcloud roams the streets. Is he just another of the desperate townsfolk? Or is he possessed by some ancient, evil spirit? Uncertainty preys on everyone's fears, including yours as you search for your friends through the twists and turns of the game. Look for clues everywhere.

But beware. Because danger lurks in every murky corner. And even those who promise help may lead you to your death.

Enter into ***Harvest of Souls***, another terrifying mystery from the makers of ***Shivers***, 1996's surprise horror-adventure hit. It's a chilling world of surreal 3-D graphic horror that will grind you into your seat. If you don't mind, we'll wait for you at the edge of town.



**Harvest of Souls**

#83174 Win CD **$54.95**

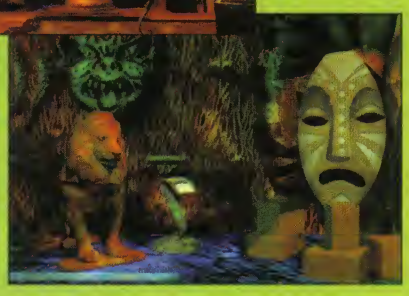
Witness the terror from a startlingly realistic first-person perspective.



Nail-biting puzzles change each time you play.

SIERRA®

phantasmagoria

# A PUZZLE OF FLESH™

If ever a game could truly probe the limits of the human psyche, this is the game.

## A Gripping Tale of Psychological Horror

The sequel to the phenomenally successful ***Phantasmagoria***, Sierra's best-selling computer game, is a dark tale of psychological horror. Out of a mental hospital for exactly one year, Curtis Craig wants a normal, safe life with his boring job and sweet girlfriend. His greatest desire is to simply maintain the status quo, to make sure nothing upsets his simple existence and sends him back to the barbaric hospital and the evil doctor that treated him. But nothing works out as he wishes. Something seems to have another agenda for Curtis. As inexplicable, terrifying events begin to happen all around him he begins to doubt his sanity. He tries to find solace with his girlfriend Jocilyn but only manages to push her away.

A Puzzle Of Flesh was designed for mature audiences. The nightmares may be real.

Then he starts a relationship with the exotic Therese and finds out she likes to play rough. With his world starting to crash around him and unable to bear the thought of losing his mind again, Curtis starts to dig deeply into his past, his family's history, and even his current employer, WynTech, unearthing only more disturbing mysteries. Then the murders begin...

It's up to you to guide Curtis through the twisted nightmare of his life, uncover the terrible secrets that haunt him and ultimately prove his innocence or guilt. This is a game designed for mature gamers only.

"If this game gives you nightmares, don't come whining to me! You've been warned."

Lorelei Shannon, Game Designer

# LEISURE SUIT LARRY® LOVE FOR SAIL!

Larry's Back!

## More Hilarious Miss-Adventure From Al Lowe

Al Lowe has found even more ways to put that loveable, singles-scene stealer Leisure Suit Larry into a another hilariously unforgettable miss-adventure. In his latest hysterical outing Larry is booked on the world's gaudiest cruise ship, the PMS Bouncy. It doesn't take long for our hero to stumble onto a shipload of beautiful women. Most of them have a lot of fun at his expense, teasing him into thinking he might actually get lucky. Think again!

Although this loveable loser does his best to date each woman, somehow they figure clever ways to cool his ardor. But all is not lost. He does learn something useful from each encounter. Larry finally sets his sights on the ship's gorgeous Captain Thygh. He hopes that this time he can make a "love connection" with her and sail away forever. Good luck.

***Love For Sail*** introduces a host of new interface tricks that make playing easier and more fun than ever. Look for the clever new CyberVox 2000™ (so you can add your own Larry-like commentary), the decidedly retro CyberType 2000™ (which actually lets you type commands!), the amazing CyberStar 2000™ (which lets you put your picture right in the game) and lots more!

**Leisure Suit Larry: Love for Sail**

# BIRTHRIGHT™ the Gorgon's Alliance

You are the heir to one of 17 kingdoms on the Continent of Cerilla. Each kingdom is unique, with different resources and opportunities for adventure. Every moment is a monumental struggle to survive and restore order to Cerilia. Properly managed resources and loyal subjects lend themselves to powerful alliances and an invincible army.

***BIRTHRIGHT*** challenges you to strike a careful balance between the dual goals of managing your lands and battling your enemies. Through convincing conquests, clever alliances and careful management of your resources you can establish your realm as the most powerful on the continent.

***BIRTHRIGHT*** is the computer version of the newest fantasy world created for TSR's popular ADVANCED DUNGEONS & DRAGONS® game series. It combines the best of a traditional role-playing game and a strategy/war game. You can choose to play in a turn-based mode or a fast paced real-time game. And you can even play against on-line opponents via network, Internet and modem.

A unique, multi-dimensional adventure of battle-strategy and in-depth role-playing.

Go head-to-head in real-time combat against deadly menaces.

Experience an on-line role-playing adventure via network Internet or modem.

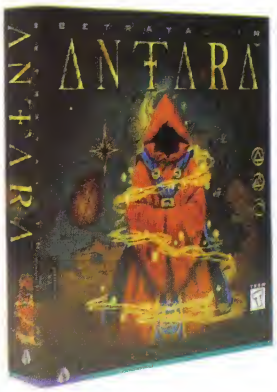
# BETRAYAL IN ANTARA

The Antaran empire, once ruled by a benevolent king and his consorts, has fallen prey to corruption and decay. Bribery, intrigue, assassinations and deceit are rampant throughout the land. Now, four young Antarans seek to restore the balance of power in their beloved homeland. Their destiny will take them on a long journey to the far eastern realm of the empire. Along the way they will encounter devious plots of manipulation, self-serving political agendas, secret societies and magical challenges.



As the follow-up to the award winning best-seller ***Betrayal at Krondor***, ***Betrayal In Antara*** was specifically developed as the ultimate fantasy role-playing experience. With an imaginative story line, radical plot twists, well-developed characters and beautiful painted backgrounds, ***Betrayal In Antara*** is multimedia adventure at its best.

Superior high resolution graphics include an immense 3-D terrain system with detailed textured maps. Improved Artificial Intelligence within a dynamic third-person, turn–based, 3-D tactical system pulls you right into the game. Interconnected story chapters provide visual progress markers and sub goals that make each episode richly rewarding. With your help characters have an opportunity to cast magic spells and wage battles that could mean the difference between life and death.

# LORDS II™ OF THE REALM

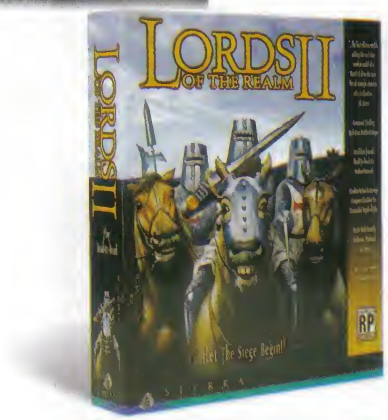
Annihilate Foes With Head-To-Head Network Play

## Ruthless Conquest and Fierce Medieval Combat

This is the country's darkest hour: The King is dead and chaos reigns across the land. The throne is up for grabs. Your army is made up of peasants armed with the crudest of weapons; nothing more than pitchforks, maces and pikes. But they are sworn to your allegiance and, if you lead them well, they will fight for you to the death if necessary.

In the highly-anticipated sequel to the original ***Lords of The Realm***, you can marshall the resources of your county and lead your army into battle. As you succeed, the ranks of your army will swell with trained swordsmen, archers and the bravest knights. The goal is conquest. Every move you make must be geared toward managing your resources and building an army that is strong enough to conquer neighboring realms as you smash your way to the throne. In the end, you're either King or you're dead.

***Lords of The Realm II*** accurately recreates the challenges of conquering a feudal empire. And it adds new elements including real-time combat, four-player network support and four computer rivals to create a game even better than the much-acclaimed original, providing hundreds of hours of challenges. When you've finally crushed your opponents you'll be crowned King of England, but the strategic challenges don't end there. Lead your forces onto the Continent for conquests of Germany, France or one the fantasy realms included in the game.



**Lords of the Realm II**

#83710 Win 95/DOS CD **$54.95**

TEEN • AGES 13+

Win 95/DOS CD requires Windows 95 (Pentium 75 or better, 12 MB RAM) or MS-DOS 5.0 or newer (486-66 or better, 8 MB RAM), local bus video, sound card with DAC, hard disk, 2X CD-ROM.

Conquer neighboring forces to be named King of England, then repeat your conquests in other realms.

Turn an army of peasant serfs into trained swordsmen, archers and brave knights.

# ANSWER THE CALL OF BATTLE

**SAVE $25**

## ROBERT E. LEE:

# CIVIL WAR

## ★ GENERAL ★ ™

Always outmanned and outgunned, but never out-generalled, Robert E. Lee was clearly the master strategist of the American Civil War. From the time he turned back McClellan's drive toward Richmond, through one bloody battle after another, his Army of Northern Virginia withstood nearly everything the Union threw against it.

Now you can try your hand at turning the tide in some of history's most famous battles. ***Robert E. Lee: Civil War General*** puts you in control of the field in seven pivotal Civil War battles. Fight them individually, or as an entire campaign against the Army of the Potomac. Or take on the role of Union generals such as "Fighting Joe" Hooker, George Meade or U.S. Grant in battles ranging from First Manassas to The Wilderness. Whether you play the Blue or the Gray, each battle starts with all the elements of each army placed exactly as they were more than 130 years ago. From there, history is in your hands.

"...Robert E. Lee: Civil War General will spark the imagination of anyone who is into the Civil War."
—PC GAMER MAGAZINE

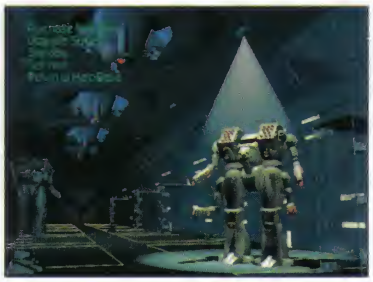
## MissionForce™: Cyberstorm™

Spend your Unitech resources wisely to build a force of Bioderm-piloted HERCs.

Do you have the brains and cunning needed to take charge of a whole new breed of Bioderms as they face-off against deadly Cybrids? You better, because this combat-strategy challenge takes more than metal and firepower. To beat back the Cybrids this time you'll need a plan... and the smarts to execute it.

***MissionForce: Cyberstorm*** has strategic missions for all skill levels. So you can get your feet wet without turning to toast immediately, yet still be challenged when you come back for more. And ***MissionForce: Cyberstorm*** lets you match wits with the computer for single-player action, or go head-to-head with up to four players via modem or network. There's even a second CD in every box so you can give one to a friend for head-to-head play!



Engineer your synthetic Bioderms, then unleash your strategic plan.

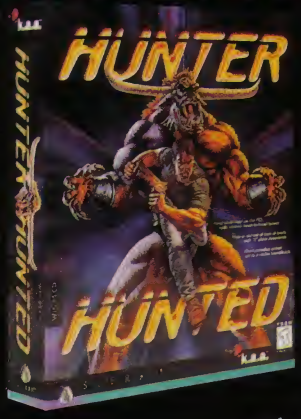
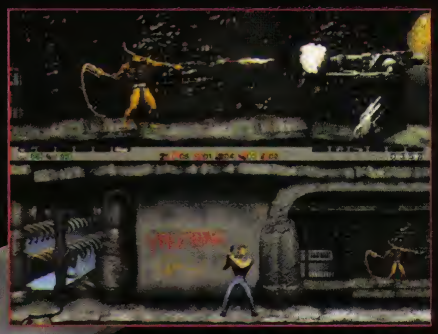
# MAN VS. BEAST IN NON-STOP CARNAGE



Head-To-Head Split Screen Action!

## Hunter Hunted™

In the not-too-distant future mankind has been enslaved by an alien race whose favorite spectator sport is fast-action human/mutant beast death matches. Guess what? Today you're on the play-list. You'll play Jake, a hard-bitten warrior accomplished in everything from fists to rocket launchers, or The Beast, a horned behemoth who combines brute strength with weapons designed to crush and maim. You'll pursue each other through a multi-level labyrinth of flesh-eating tunnels, booby-trapped sewers and other mazes filled with lurking menaces. Only one of you will come out alive.



Engage in head-to-head carnage with the exclusive two-player split screen mode.

Each character has strengths you can use - or exploit. Jake beats The Beast with weapons like shotguns and rocket launchers. The Beast is stronger, can take a lot of abuse before he goes down, and can crush Jake with a few blows of his spiked club. The bottom line - if you're Jake, keep your distance and blast away. If you're The Beast, get close and pound away.

Dodge traps and run a gauntlet of lurking enemies just to stay alive.

SAVE $20

***Hunter Hunted*** adds a new dimension to side-scrolling arcade action with the addition of exclusive Z-plane scrolling. While other games only allow you to scroll left, right, up, or down, Z-plane adds depth to the game play. Now you can move into and out of the game, creating even more levels of play. Plus the unique two-player split-screen mode offers head-to-head match play against another human player. It's brutal and violent, but it's only a game.

**Hunter Hunted**

k.a.a.

# RUN FAST.

Danger and suspense are your companions on a frantic flight to stay alive.

Play the roles of Max, an American journalist, and Adda, a mysterious German ecologist.

# RUN SMART.

## Urban Runner™

As an investigative reporter, Max plays no favorites. A little unscrupulous himself, he does what it takes to land a front page by-line. This time, while Max is working on a story, a cop suddenly turns up dead and Max is the prime suspect. Wanted by both the law and a mysterious criminal organization, Max takes to the streets. His only hope is to find enough proof to clear his name.

***Urban Runner*** is the breathtaking thriller that brings 100% real-time, full-motion interactive video to your PC. Four action-packed CDs bring the chase to life. Remember, run fast, run smart. Stop and you're dead.

# LIGHTHOUSE

## Explore a Surreal Dimension of Discovery & Deliverance

You have been summoned to the eerie, surreal dimension of ***Lighthouse***, where you are confronted with a shimmering portal that leads into a strangely mechanized world of invention, discovery and barely-disguised evil.

Alien machines and 3-D modeled characters set Lighthouse apart from all other adventure games.

The haunting cries of a kidnapped child still ring in your ears. And you know that your best chance to rescue the child and her missing father from the Dark Being is to pass through the portal and face the evil darkness that exists on the other side. If the portal closes before you act you'll have to search for clues that may lead to another entrance.

Travel through a shimmering portal into a strange parallel world of barely-disguised evil.

When you enter you encounter supernatural machines that, while completely alien, seem hauntingly familiar. To rescue the child you must conquer these alien inventions and solve the challenging puzzles they present. Each encounter carries you deeper into a confusing world of suspense and mystery.

Fascinating characters provide clues to a dark mystery and the rescue of a kidnapped child.

This finely crafted first-person adventure of discovery and rescue takes place in a visually striking parallel universe, created entirely in state-of-the-art 3-D graphics and animation. Each section of the game features a unique musical score that heightens the aura of mystery and suspense. Non-linear game play gives you many choices that reveal different solutions to the puzzles you'll face in this dark universe. The varied outcomes will draw adventurers of all skill levels back to ***Lighthouse*** again and again as they try to discover all of the secrets hidden in it's lush design.

"do you have the wits and courage to face the Dark Being in a strange, alien world?"

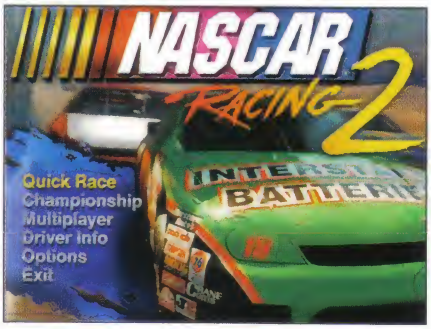
Includes 16 authentic NASCAR® Winston Cup tracks.

# NASCAR® Racing 2

Get behind the wheel of a 700-horsepower stock car and go head-to-head against the actual cars and drivers of the NASCAR® Winston Cup Circuit. The brand-new ***NASCAR® Racing 2*** delivers all the pavement-pounding thrills that made the original ***NASCAR® Racing*** the most realistic simulation of America's most popular motor sport. Plus, ***NASCAR® Racing 2*** features faster SVGA graphics, Spotter/Crew Chief Audio, a new mouse-driven interface and network support that lets you race against up to 8 buddies.



NASCAR® Racing 2 gives you 1996 cars and drivers, plus 8-player network support.

The new Arcade Mode makes it easy to get started. And once you've turned a few laps you can make the game more realistic and more challenging as you run practice laps, qualifying, single races and a full championship season. With ***NASCAR® Racing 2*** you can tune your car's setup just the way you want it. Adjust the air dam and rear spoiler, change the shocks and gear ratios, test different brands of tires, and much more to squeeze out every last ounce of speed.

Enhanced SVGA 256–color graphics provide a breathtakingly realistic sense of speed, motion and power. You can even view and replay the action from any angle. This latest release includes sixteen legendary stock-car venues. So you can race Darlington Raceway, Martinsville, Talladega, Charlotte Motor Speedway and more! Many of the tracks have been completely redone to reflect recent changes and add even more realism.

Faster SVGA graphics and all-new Spotter/Crew Chief Audio make NASCAR® Racing 2 more realistic than ever.

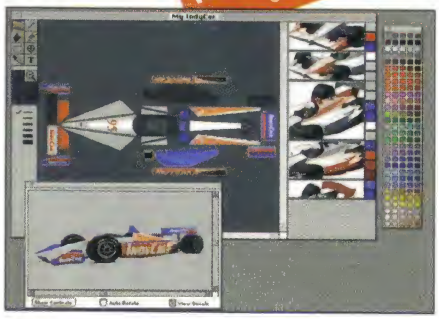
# INDYCAR® RACING II

GET INDYCAR® RACING II FREE WITH SCREAMIN' 3D! SEE BACK COVER

View the race action from dozens of camera angles.

Incredibly realistic racing against computer-generated opponents or against a friend via modem.



Wheel into the Paint Shop to customize a car for your race team.

CODIES 1996 WINNER BEST SPORTS SOFTWARE

Now you can race for real, in what critics are calling the "most realistic race-car simulation ever." ***IndyCar® Racing II*** takes you on a complete circuit of 15 real-life Indy tracks. Run practice laps, qualifying, single races or a complete championship season. Thanks to a wide variety of custom options, it's easy to get into the driver's seat for a little 200 mph practice – there's even an auto shifting feature that makes the car nearly invincible. Then, as your driving improves, reset the options to make the game more challenging.

***IndyCar® Racing II*** gives you complete control of all the variables that real-life IndyCar® teams use to find the fastest race setup: You control the fuel load, you set angles on the wings and spoilers, and you tune the engine and suspension. You can even wheel your car into the paint shop for a new color scheme and custom decals!

An amazing camera system lets you follow the action from dozens of angles, including in-car shots that you see on television. Plus, you can replay the racing action at the touch of a button. And you'll want to see the action again, because the graphics and sound feature an amazing level of detail!

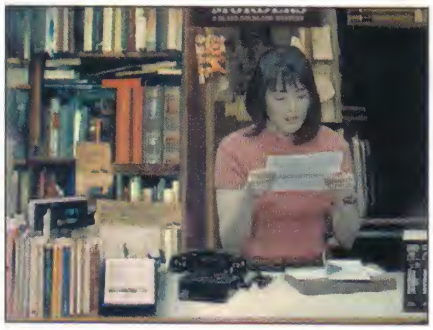
## The All-New Gabriel Knight Mystery

PC GAMER EDITORS' CHOICE

A mystery that spans the ages is about to unfold... In the heart-stopping sequel to the award-winning ***Sins of The Fathers***™, Gabriel Knight, the last in a long line of Shadow Hunters, is dragged into the investigation of the vicious murder of a young girl in Germany. The local police blame a wolf that has escaped from the Munich Zoo, but evidence points to something much more ancient and far more terrifying.

Gabriel's partner Grace Nakimura leaves New Orleans for Munich to join in the investigation. She uncovers centuries-old werewolf trials involving King Ludwig II, the Lost Wagner opera, and the Black Wolf.

Award-winning author and game designer Jane Jensen's story features incredible photo-realistic backgrounds and a haunting musical score. It's an extraordinary blend of live-action technology and spine-tingling thrills where Gabriel must find the real killer before it finds him.



Grace Nakimura joins Gabriel Knight in her own troubling investigation.

Features 600 artistic backgrounds and spine-tingling mystery utilizing over 80 different locations.

# The New Adventure From The Creators of 2001 and Cosmos.

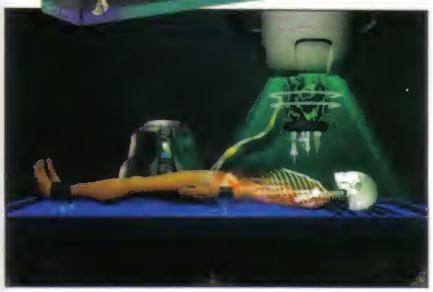
## RAMA™

Science fiction fans and adventure game enthusiasts around the world have been eagerly awaiting the arrival of ***RAMA***™. This epic science fiction adventure is based on the critically acclaimed RAMA series by Arthur C. Clarke, world famous creator of 2001: A Space Odyssey and Gentry Lee, co-producer of Cosmos.

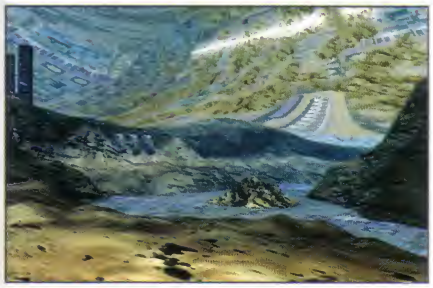
***RAMA*** is a startling world of bizarre architecture, engineering marvels and alien wonders. Launched by an unknown intelligence commanding technologies humans do not understand, ***RAMA*** presents the human mind with its greatest quest.

As one of the astronauts sent to explore ***RAMA*** it's your duty and privilege to decipher the secrets of this 50 mile cylindrical community that has entered the far boundaries of Earth's universe. You must learn if the aliens are friendly and uncover their motive for arriving here before trouble breaks out and Earth is doomed. Decipher a series of complex alien challenges, avoid unseen dangers and reveal tantalizing clues so you can live long enough to report your mysterious findings.

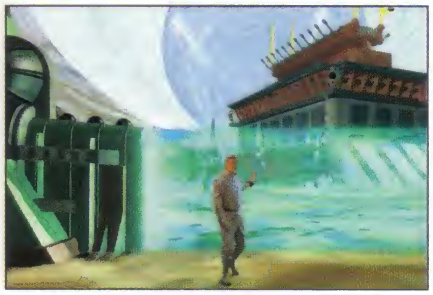
***RAMA's*** innovative 3-D environment is unsurpassed in its intricacy and beauty. Its state-of-the art technology seamlessly blends live human characters into the richly rendered art and animation for dynamic realism. Full motion video and an orchestral sound track help bring the world of ***RAMA*** to life.



RAMA presents the human mind with it's most challenging quest.



The richly detailed graphics, intriguing story line and orchestral score enthrall everyone who enters RAMA.



RAMA features a seamless blend of human characters with rendered art and animation.

# UNDERSEA BATTLE, WHERE THE DANGER IS REAL

## COMMAND: Aces of the Deep®

Between September 1939 and May 1945, as mankind pushed the boundaries of war beneath the seas, Germany launched more than 1,000 U-boats into combat against Allied shipping and naval forces. These deadly phantoms prowled the stormy seas, striking without warning. Soon they became targets themselves.

"Simulation of the Year" — COMPUTER GAMING WORLD

The Single Mission, Training and Campaign modes are so real, Computer Gaming World called it the "Simulation of the Year." Strategic elements mirror historically accurate developments, including new weapons, detection systems and countermeasures. The detailed missions highlight famous battles, ships and naval officers of WWII and take you from the icy North Atlantic to the blue waters of the Caribbean.

Extremely realistic sound-effects will convince you the depth charges are real!

Use an arsenal of six types of torpedoes to strangle enemy shipping.

# GO FISHIN' ON YOUR PC!

PC GAMER EDITORS' CHOICE

## Front Page Sports®: Trophy Bass™ 2

Now Includes 10 Lakes & Network Play!

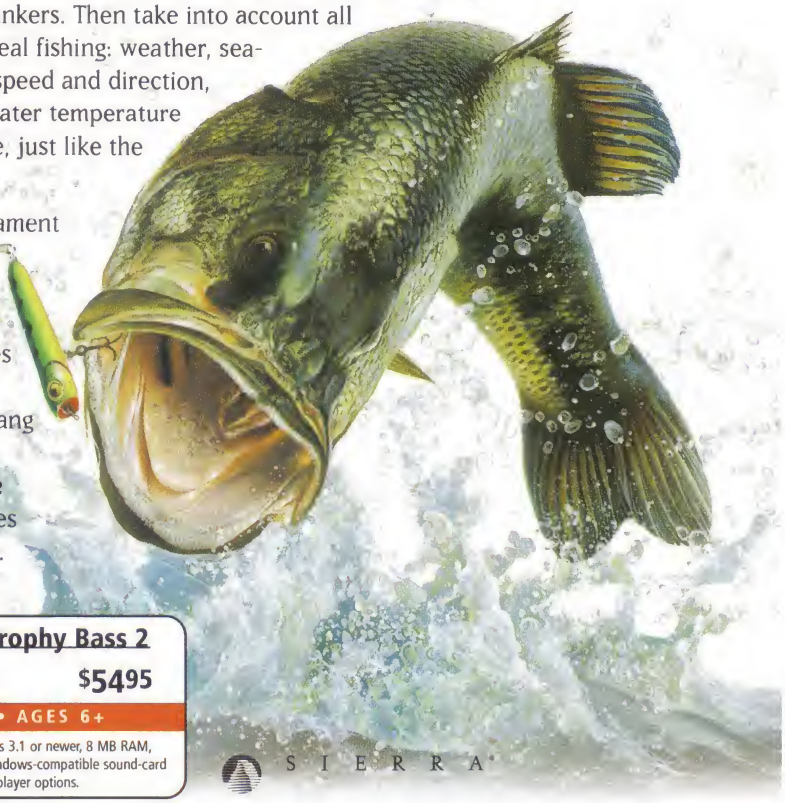
It's hard to beat the excitement of a solid hook-up with a lunker bucket-mouth, but the original Trophy Bass proved that fishing on your PC comes awfully close. And now the new ***Front Page Sports: Trophy Bass 2*** makes finding, hooking and landing the big ones even better. The folks at Front Page Sports have added five new lakes, more rod and lure options and more tips from bass pros Kevin Van Dam, Larry Nixon, Denny Brauer and Penny Berryman. Plus, ***Trophy Bass 2*** now features on-line fishing action: You can hook up with fishin' buddies around the world via network, modem or the Internet.

Features "how to" sections hosted by top bass pros.

Start by selecting one of ten photo-realistic bass lakes, all known for producing real-world lunkers. Then take into account all the factors that effect real fishing: weather, season, time of day, wind speed and direction, air temperature, plus water temperature and clarity. It's all there, just like the local hotspot.

Hookup on the Internet for incredible head-to-head tournament action.

Fishing tips from tournament pros show you how to rig the right rod, select from hundreds of lures and choose fishing holes that are likely to hold some real hawgs. But hang on when you hook up, because ***Trophy Bass 2*** gives you all the features of real lip rippin' battle.



**Front Page Sports: Trophy Bass 2**

## Front Page Sports®: Football PRO™ '97

Huddle-up! The highest-rated computer football game now features modem and network play, so you can challenge friends head-to-head. Of course, you can still play against the computer if you run out of on-line opponents. Whether you run the show from the front office, call the plays from the sidelines or put on the pads and run the ball yourself, the competition will be fierce. With individual player Artificial Intelligence and motion-captured movements, no other football sim is as authentic or comprehensive. The exclusive Camera Angle Management System (CAMS™) lets you watch the action from any place in the stadium. And 3-D graphics and real-life sound effects make sure every pass, every run, every bone-shattering tackle looks, moves and sounds authentic.

When it's time to turn in your cleats, don't give up the game. Because ***Football Pro '97*** offers more than incredible action. Just take on the role of Coach, General Manager or League Commissioner. With every NFL team and player included, your choices are wide open. You create the leagues, you run the draft, you make the trades, you create the game plans. And ***Football Pro '97*** is the only football sim that includes career play, so you can watch players develop and maybe even make the Hall of Fame. From the first round of the draft to the final seconds of Super Bowl™ Sunday, ***Football Pro '97*** puts you on the field.

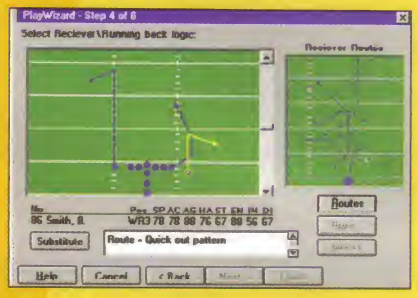
**Front Page Sports: Football Pro'97**

#83684 Win 95 CD $54.95

KIDS TO ADULTS • AGES 6+

Win 95 CD requires 486DX66 or higher, Windows 95, 8 MB RAM, SVGA 256-color graphics, Windows compatible sound card with DAC.

Enhanced SVGA graphics and the exclusive CAMS system show the most realistic NFL action.



Use the extensive library of formations and plays or create your own.

Simulate single games, a whole NFL season or a player's entire career.

# Join the most elite force in crime fighting history

## Police Quest® SWAT™

A radical militant group has taken control of an industrial complex. Now they're threatening to blow up the place, hostages and all. Can your SWAT team stop this armed militia without losing the human assets? Oh, by the way, the clock is ticking.

Daryl Gates, former head of LAPD and originator of the SWAT concept, takes the Police Quest series to new levels of realism with action from the streets of Los Angeles. Sophisticated live-action video takes you through training that covers all the weapons, tactics and split-second decision-making. Once you make it to the streets, put your skills to use as part of law enforcement's most elite crime fighting force as you face intense hostage dramas with multiple end-game scenarios. The lives of innocent victims rely on your skill and courage in the face of incredible danger.

Learn the ropes step-by-step, from the academy and firing range to the mean streets.

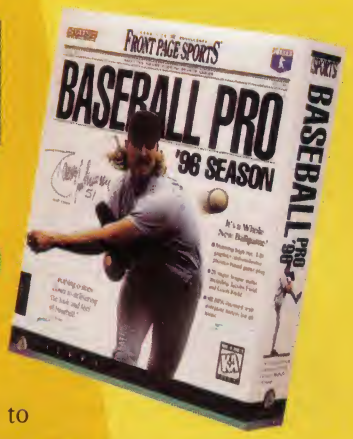
# GE SPORTS®

SPECIAL OFFER

SAVE $25.00



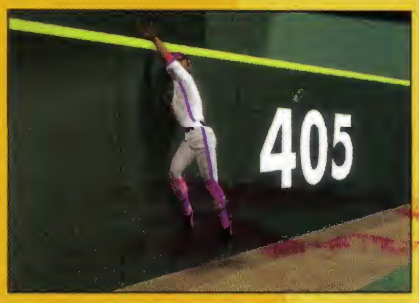
## Front Page Sports®: Baseball Pro™ '96

The ***Baseball Pro '96*** designers used high-speed workstations to bring real-world big-league action to the PC. The result is so lifelike, you'll no longer wonder what Randy Johnson's 98 mph 'Mister Snappy' looks like to left-handed hitters – just step in the box and see for yourself!

At the heart of ***Baseball Pro '96*** are all the variables that affect real baseball. Ball flight isn't scripted, it's based on real physics: spin, point of contact, launch-angle, wind, weather and altitude. New features include high-resolution 3-D graphics and improved speed, strategy and playability.

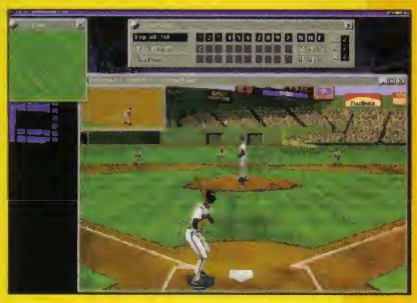
The incredible Camera Angle Management System (CAMS™) lets you watch the action from anywhere in the stadium or anywhere on the field. And the action includes all 28 big-league ballparks, so you get a first-hand opportunity to see Cleveland's Jacobs Field, or to try to spank a dinger off the warehouse outside Camden Yards.

In ***Baseball Pro '96***, you can play the part of the GM, manage the club from the dugout or put yourself in the action as a player. You can even simulate an entire season in the time it takes two teams to play a typical extra-inning slug-fest. Every player from every big-league team is included. And ***Baseball Pro '96*** is the only game that lets you simulate a player's entire career, from his rookie season to the Hall of Fame.



Incredible high-resolution graphics give you a lifelike view of the game.

The CAMS system lets you view and replay the action from any place in the ballpark.



Sierra's physics-based game play produces realistic action.

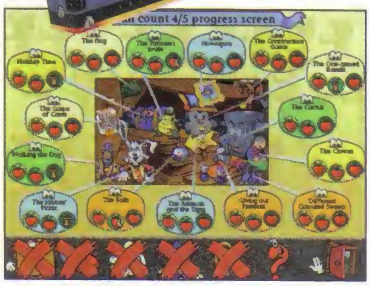
# Turn Learning Into Child's Play

## Eager To Learn™

Packed on 2 CDs, ***Eager To Learn*** gives youngsters more than 60 reading and math games and exercises. Kids love Adi Jr., the cute extraterrestrial study buddy with magical powers that make learning fun. And parents love the fact that ***Eager To Learn*** grows with their child. There are two levels for kids ages 4 to 5 years and 6 to 7 years, and three levels of difficulty in each game and exercise. That keeps children challenged as they learn new skills. And Progress Reports make it easy for parents to track their child's lessons, progress and development.



Check each child's progress and areas of excellence in every activity.

Kids love dozens of activities that introduce numbers and math.

Interactive activities and educational games make learning letters, numbers, reading and math fun! Adi Jr. and his friends will keep your child entertained and engaged for hours.

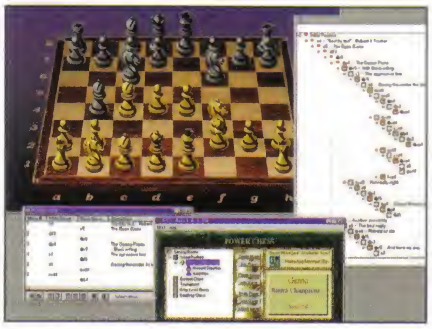
# More powerful than any human opponent. More human than any computer opponent.

The Power Chess King adapts to your strengths to make every game a challenge.

The Power Chess Queen provides on-line coaching and feedback to help you master the game.



Play head-to-head on the Internet with Sierra's Interactive Gaming Service.

## Power Chess™

Finally! A computer chess game that improves your chess skills and keeps you in the game without steam-rolling you every time you play! ***Power Chess*** is more powerful than any human and more human than any computer. The power comes from the legendary WChess engine. The human element comes from a unique approach that makes playing fun. So you are constantly challenged but you have a fair chance to win.

***Power Chess*** has two secret weapons: The Power Chess King and The Power Chess Queen. The King is the ideal adaptive opponent. He assesses your strengths and weaknesses and makes every game a challenge. But the Power Chess King is not infallible; he has a tendency to take carefully managed risks, just like a real player. Plus, you have the Queen as your on-line mentor. She'll critique your game and give you advice to help make you a better player.

***Power Chess*** also includes 30 spirited opponents waiting to challenge you, plus a collection of more than a dozen authentic 2-D and 3-D chess sets. Plus, ***Power Chess*** makes it easy to tap into the Sierra Interactive Gaming Service, so you can test your mettle against live players on the Internet.

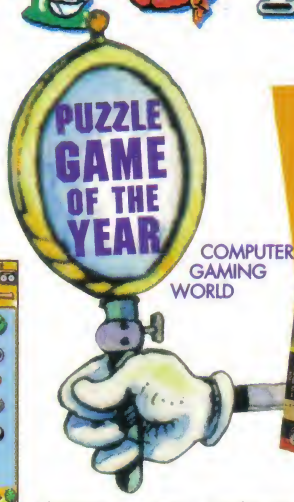
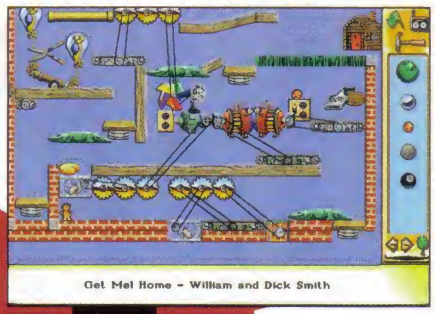
# It's Just Crazy Enough to Work!



Limber up your brain as you solve 150 incredibly zany puzzles.

## The Incredible Machine® 3.0

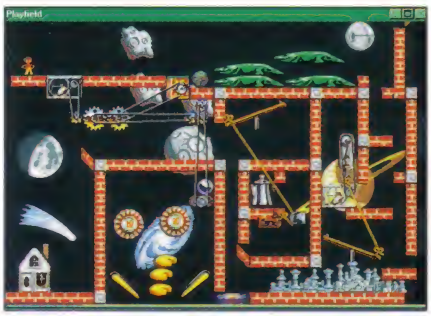


ZILLIONS OF PUZZLES ONLY $19.95

Welcome to the insanity of ***The Incredible Machine***, an amazing collection of addictively-fun brain teasing puzzles where you create complex machines to accomplish seemingly simple tasks. A world where pinwheels and dynamite, cartoon characters and cheese, even gravity and air pressure can be manipulated to solve fiendishly fun puzzles. If you get stuck, just ask Professor Tim for a quick hint or to walk you through the solution.

Get the hang of things by solving some of the 150 puzzles, then jump in and start creating your own! What do you need to make a piece of toast? How about a balloon, bouncing balls, spark plugs and a light bulb? Need more? Okay - use a rocket ship, a drill and a mirror! With over 100 animated parts, there's no limit to what you can create! Plus, you can challenge your friends in brain-to-brain competitions!

***The Incredible Machine 3.0*** provides hour after hour of wacky fun, but it's also educational. In fact, schools across the country use the ***The Incredible Machine*** to teach creative problem-solving to students of all ages. The only problem kids have is getting the adults to let them have a turn! So warm up your computer, limber up your brain and be prepared to be wowed, stumped and elated by ***The Incredible Machine 3.0!***



Create your own twisted puzzle machines using over 100 unusual parts and pieces.

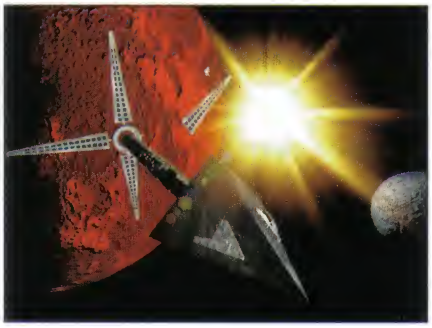
# THE TIME WARP OF Dr. Brain™

OVER 600 BRAIN-BUILDING PUZZLES FOR KIDS & ADULTS!

## A Mental Morphosis of Puzzling Fun!

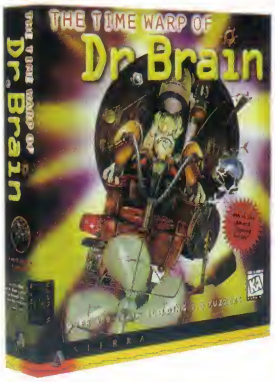
Includes over 600 all-new puzzles with incredible 3-D animation and Dr. Brain's usual rockin' soundtrack.



Solve time-traveling puzzles in the sequel to the award-winning Lost Mind of Dr. Brain.

Here he goes again! The sequel to the award-winning ***Lost Mind of Dr. Brain*** is now ready to tease your mental capabilities. It seems dear Dr. Brain has been back in his lab puttering around, making some final adjustments to his latest project, the top-secret "Space Time Discontinum" formula. And just when it looked like he had everything under control there was a slight hitch...now Dr. Brain is lost somewhere in time! From a primordial organism to a 51st century wonder-brain of pure cerebral power, Dr. Brain meets plenty of characters in his travels but only you can help him find his way back.

Like all Dr. Brain adventures ***The Time Warp of Dr. Brain*** has 10 brain-flexing puzzle areas, each specifically designed to bring minds of all ages to new levels of mental fitness.



Over 600 puzzles will keep you and your kids scratching your heads and laughing out loud for weeks. Dazzling 3-D rendered characters and a rocking musical score will have you tapping your toes as your brain works overtime to solve Dr. Brain's predicament. Plus, good old Dr. Brain has found the Internet and now you can challenge friends on-line in two of new puzzle areas. So get lost in time with Dr. Brain and experience a whole new way of thinking.

**The Time Warp of Dr. Brain**

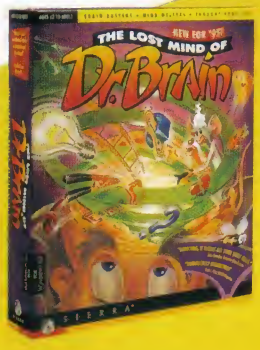
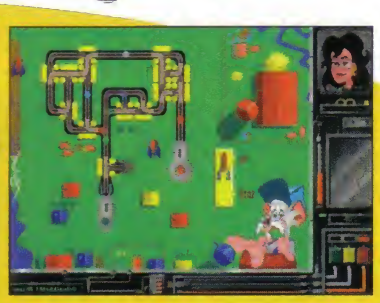
SIERRA®

## The Lost Mind of Dr. Brain™



Ooooooops! Sure he's a genius, but Dr. Brain made one very dumb mistake: He accidentally downloaded his brain into his lab rat. Now Dr. Brain's destiny is in your hands. Unlock the secrets hidden in his eccentric mind as you puzzle over the twists and turns packed into these wild, wacky brain-busting adventures.

Best Home Learning for Adolescents 1996



The dear Doctor is scrambling to collect his thoughts as well as his brain.

Our game designers actually picked the brains of the leading brain science experts to craft the ultimate brain workout. Specific puzzles focus on different regions of the brain, including verbal, logical, visual, musical and more. Sounds like heady stuff, huh? Don't worry. While we kept in mind the ultimate goal of cerebral fitness, Dr. Brain is still a terrific game with a rocking soundtrack, great animation, comical quips and three difficulty levels that will keep you and your children playing for years.

Explore thousands of puzzles in 10 different areas of the brain.
